

SECTOR FIBER

SECTOR FIBER

Serving in the field of turnkey projects with experienced technical staff .

Specialized in engineering, project design, contracting, technical services, maintenance and consultancy services in area of low and medium voltage, low current electrical installation and automation.

OUR MISSION

we are an innovative company, meet customers demands as commitment and on time, provide technological solutions to progress absolute customer satisfaction.

Design the infrastructure projects with professional experience and know-how using products in highest quality standards with correct appliance and delivery in time, in addition to provide quality service after sales.

OUR VISION

Advanced technology-oriented R&D department, quickly and efficiently project unit, with the right technical applications and back-office services to obtain as a solution partner of our customers.

PROJECT DESIGN AND ENGINEERING

- Low Voltage Electrical Projects
- Medium Voltage Electrical Projects
- Lighting Installation Projects
- Mains Socket Installation Projects
- UPS Socket Installation Projects
- Cable Trays and Pipe installation project.
- Kuvvet ve Mekanik Besleme Projeleri
- Lightning Protection Projects
- Grounding Projects
- High and Low Current Flow Chart
- Single- Line Diagram
- Transformer Calculation and Projecting
- Generator Calculation and Projecting.

PROJECT DESIGN AND ENGINEERING

- Telephone System Projects
- Data System Projects
- Voice System Projects
- Fire Alarm System Projects
- CCTV System Projects
- TV System Projects
- Security and Burglar Alarm System Projects
- Access Control System Projects
- Central Time System Projects
- Intercom System Projects.
- Nurse Call System Projects
- Building Automation Systems Projects

CABLING PROJECTS

- Copper Cabling Systems
- Horizontal Cabling Systems
- Building Backbone Cabling Systems
- Fiber Optic Cabling Systems (F/O)
- Local Area Network (LAN)
- Wide Area Network (WAN)
- Wireless

WEAK CURRENT AND ELECTRICAL CONTRACTING BUSINESS CONCEPT

- Shops
- Grocers and Supermarkets
- Bank Branches
- Administration Building and Offices
- Site and Public Housing
- Factories and Warehouses
- Houses, Villas and Luxury Homes
- Educational Buildings / Universities
- Hospitals and Health Centers
- Hotels and Touristic Facilities.
